What changed today?

08/11/2016

- U-verse Internet plan changed
Self Installation

What do I need to know?

U-verse Service

Before you begin your installation:

- visit www.att.com/uversewelcome for helpful information about your new service.
- wait until after installation to cancel old services.
- REQUIRED: a phone jack near your modem/wireless gateway. Call us for phone jack install appointment.
- Internet service begins after installation; billing begins on Service Activation.
- U-verse equipment and installation instructions arrive one to two days prior to Service Activation; instructions also at www.att.com/userguides.
- installation requires your nine-digit Account # and four-digit Passcode.
- current AT&T customers: any interruption of service on Service Activation Date will be restored after installation.
- upgrading to U-verse from DSL? Have your existing AT&T Member ID (primary email address) and password ready for U-verse registration. Go to www.att.com/myatt for help with "Forgot your user ID?" or "Forgot your password?"

All promotional offers may not be reflected on your Bill Estimate. See your monthly bill for promotional pricing.

**Bill Details****Bill Cycle, Proration Information****Bill Cycle:**

First Bill(s)=

25th through 24thprorated charges + 1
month advanced service

U-verse Billing Start Date: 08/11/2016

U-verse Proration: 14 days

The proration in your bill estimate may be based on a projected activation/installation date for some of your services. Changes to these dates will affect the actual amount billed. Above is an indication of the number of days of proration for each of your services. Billing for your services may all be reflected on your next bill but may also affect the subsequent bill depending on your activation/installation date in relation to your bill cycle date. Billing begins on the activation/installation date. Please see policies section for additional billing information. To learn more about your bill visit att.com/billing. **This bill estimation is not a part of your contract.**

600

Exceeding your total Internet usage allowance will result in a charge of \$10.00 for each additional 50 gigabytes (up to \$100.00 maximum) of data even if less than 50 gigabytes is used. Visit www.att.com/Internet-usage to view details of your Internet data usage.

Policies and Warranty

U-verse

Acceptance of Terms of Service is required upon registration. To view the Terms of Service go to www.att.com/internet-terms. Billing begins on your Service Activation Date. To qualify for the 2 Year price guarantee, bundled and eligible services must remain active & in good-standing through end of 2nd year.

The rate plan(s) and other details about U-verse TV, U-verse High Speed Internet and U-verse Voice services are provided in this Customer Service Summary, which is part of your agreement with AT&T. Total cost of service includes estimated taxes, fees and other charges, including a federal regulatory video cost recovery charge, city video cost-recovery fees, where applicable, and a Broadcast TV Surcharge. Prices, programming, and offers subject to change. A \$5.00 fee will be applied if a Premium Package is downgraded within the first 30 days of ordering. Some promotional rewards may not be available if the service is canceled within 30 days of activation or before your redemption is processed.

Contract Commitment/Early Termination Fees (ETFs): If you ordered service(s) with a promotional price a one year term agreement applies. A prorated ETF (\$180) will apply if standalone Internet service is disconnected in the first 12 months. If you accepted a promotional offer to bundle your U-verse TV and Internet services, a prorated ETF (\$180) will apply if the U-verse TV service is disconnected in the first 12 months.

For wireless networking you may need to purchase an adapter separately. Installing new outlets or wiring for more than three receivers and/or additional PC(s) may result in installation charges (\$55 per outlet + \$20 if a wall drop is required). If you do not own your premises: prior to installation, you must obtain permission from the owner (or authorized representative) to allow AT&T to use the premises' inside wiring and to make required alterations to the property. Rarely, installation of AT&T U-verse may not be possible at your address. AT&T U-verse Voice service only: Battery backup power is required for service, including 911 dialing, in the event of a power outage. AT&T does not provide battery backup equipment for your service. For information visit www.att.com/batterybackup.

AT&T Broadband Internet Access Services - Additional Information

Open Internet notice. AT&T High Speed Internet Service offers you a capability for acquiring or retrieving information from; generating, storing, transforming, processing, or utilizing information on; or making available information to other Internet end points connected directly or indirectly to AT&T's network. For more information about how AT&T helps transmit your information to points on the Internet, how AT&T manages its network, broadband options, including different service capabilities, expected and actual speed ranges, device attachment rules, activities which may impair or degrade your internet experience and information regarding network practices with respect to data usage allotments, please visit www.att.com/broadbandinfo.

Your High Speed Internet monthly recurring charge includes an Internet usage allowance, stated in GB per month, and varies based on the plan or bundled services selected. For more information, refer to your U-verse Service Details in the Estimated Charges section of this Service Summary.
